

Hello, Farmers' Market Vendors!

The Olde Town Farmers' Market is Now the Market at the Park, located in Memorial Park. Same times/day of the week, but a new venue that we think will be an exciting and positive change! We know this is coming later than normal but we wanted to wait until we knew about the move before we aggressively advertised/shared our new location. Olde Town Grove City and the Borough of Grove City are partnering on this new venture; we hope you are as excited as we are!

1. Our new Market Manager is Cheri Heeter! Most of you know her from Breezy Acres and their delicious honey and products! Please contact Cheri with your questions and concerns. Her contact is:

412-302-2121

breezyridgeacres@gmail.com

Let Cheri know if you are not coming, coming late, etc. She will be directing you to your spots as you arrive. She will be collecting the from vendors who pay each visit, as well as distributing paperwork to new vendors.

Do not arrive before 2PM. Cheri will indicate when the market is open for business.

2. The paperwork/guidelines will remain the same. We will *not* need to socially distance the vendor spaces this year.
3. If you don't have your paperwork in yet, no problem. Please send it in as soon as you can.
4. Also, please like/share/post with the Market at the Park facebook page. Cheri has some great ideas for marketing this year, and we want to make sure everyone gets the message about the new location.
5. We are also looking at activities! Music, special guests, children's activities, even food trucks.
6. Bear with us as we change locations. We're anticipating a LOT of excitement and interest.
7. Cheri will be reaching out to you to set up an orientation meeting at the park if you wish to attend.

Note the new market dates: June 17<sup>th</sup> through October 28<sup>th</sup>. The market is starting late due to Strawberry Days.

Thank you for being part of the market! We are anticipating an exciting year!
